

QuizForce

Create Flash quizzes and surveys in a minute!!

Create educational quizzes in Flash format that can be used on a website or locally on your PC.

Export to Web, SharePointLMS, JoomlaLMS, Blackboard etc. using SCORM!!!

With the help of QuizForce you can create Rapid and efficient Flash-based quizzes and surveys for e-learning.

Creating professional looking quizzes with many different types of questions will appeal to students who will be more committed to learning when presented in this way!

QuizForce can be exported to:

- Internet/Intranet
- The students pc
- LMS (SharePointLMS, JoomlaLMS, Blackboard, Fronter etc.)
- CD-ROM

Being an Quiz author you will be provided with easy-to-use functions in QuizForce, BUT without the need to be a technician!

Some of the features are:

- Sending quiz results via e-mail
- Quiz must be completed option
- Customizing the layout, colors, text labels and graphics according to your choice
- Multilanguage text for labels
- Multilanguage authoring interface
- Using images and sound files for questions
- Appealing interactions between different types of questions
- and much more...

QuizForce provides a comprehensive but easy-to-use set of tools for creating highly customized Flash-based quizzes, assessments and surveys **without the need for you to be a technician or a programmer.**

With the help of QuizForce you can:

- Create Flash-based quizzes that
- Are Stand alone and published to your Web site / Intranet
- Can be integrated with PowerPointForce courses and presentations
- Can be imported to your LMS (learning management system)

More features

- Select among many different graded and survey question types including fill in the blank, multiple choice, matching, hotspot, Likert scale and many more
- Provide optional feedback based on quiz-takers' responses
- Display results and specify actions that quiz takers should follow based on their scores
- Brand your quizzes with customizable colors and sounds
- Incorporate images and Flash movies to add interaction and create more interesting questions
- Save quiz results via e-mail or your LMS
- Customize buttons and labels according to your choice of text and language
- Deliver quizzes and surveys rapidly, easily and efficiently

The Flash output from QuizForce makes quizzes and surveys accessible to anyone. In addition, it provides the quiz users with a rich interactive experience.

QuizForce provides you with features and functionality that were available before only by means of very complex and time-consuming programming. We have focused on the teachers creating e-learning and learning styles - NOT coding!!

Easy, quick and efficient authoring

- Different, intuitive and very easy-to-use types of questions
- Very intuitive question list manager
- Use your own choices of colors, text labels and even your own branding!
